Hon. Marlon Brown, County Manger
Gadsden County Commission
P.O. Box 1799
Quincy, Fl. 32353-1799

Dear Marlon:

Sorry for the delay in this notice, but sometimes things move faster than expected.

Sorry, I missed the last meeting of planning commission, but all my mail had been forwarded to Jacksonville and back as part of the change of address process.

Please accept this as my resignation as a member of the Gadsden County Planning Commission since I have moved back to Leon County on the Lake Talquin side.

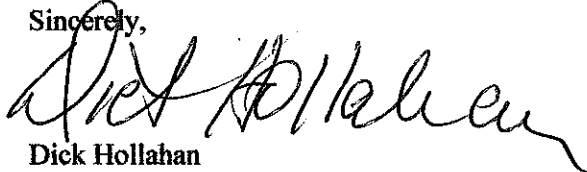

The real estate market might be down, but some folks like the view of the lake.

Having walked the halls of the capitol in one capacity or another for forty-plus years sitting on the other side of the table was a new experience.

Tell the members thank you.

I will still be in the capitol next session and will be happy to hear from you if I can assist, or check things out.

Sincerely,

Dick Hollahan
