RE: Continued Review of Comp Plan Text Amendment CPA-2006-08AD

At the October 11, 2007 Planning Commission meeting, the Commission continued with the review of a series of text amendments to the Comprehensive Plan and continued the public hearing on the proposed amendment. The Commission completed review of the draft document through the Housing Element before continuing further discussion until the October meeting. We will begin on the Infrastructure Element at the October meeting where this item is listed on the agenda a "Continuing Business" and make an attempt to complete the review of the proposed text changes.

Please retain the draft copy sent to you in June and included in the June agenda package so that we can save on copying cost. If you have discarded your copy sent to you in June, please call and we will make arrangements to get you a new copy.
